Carl Stephene B. Padua

Calamba City, Laguna, Philippines • carlpadua1217@gmail.com • 09273338247

Education

Polytechnic University of the Philippines – Sto. Tomas Campus Sto. Tomas, Batangas

Bachelor of Science in Information Technology August 2026 (Expected)

Capstone: GabayIsko – Web-Based Admission Assistance Platform

- Designed and developed a web-based system to assist students in the PUP admission process
- Created user-centered UI/UX to improve accessibility and navigation for applicants
- Developed front-end components and contributed to system functionality
- Conducted usability testing and resolved design and technical issues

Relevant Coursework:

Multimedia Design, Human-Computer Interaction, Multimedia Systems, Web Development, Systems Analysis and Design, Information Management

Experience

Growve, Inc. February 2026 - May 2026

Graphic Design Intern

- Designed digital marketing assets for international e-commerce brands, supporting campaigns for U.S.-based clients
- Created high-performing visual content that contributed to a campaign generating approximately $400 in its first week
- Developed box design concepts used for corporate and employee gift box.
- Produced social media, advertising, and e-commerce graphics using Adobe Illustrator and Adobe Photoshop
- Utilized AI tools (Freepik AI) to enhance and generate premium-quality visual assets for marketing use
- Applied design problem-solving and technical troubleshooting to improve workflow efficiency and output quality

Key Design Projects:

- Real Ketones Email Campaign – Designed email marketing creatives focused on product promotion and audience engagement using Illustrator and Photoshop
- M3 Naturals Email Campaign – Created email marketing designs supporting brand promotions and product launches using Illustrator and Photoshop
- Corporate Recruitment Content – Designed visual assets and edited a YouTube recruitment video, along with supporting campaign materials for recruitment marketing
- Gift Box Design – Developed packaging and visual layout system for corporate employee gift box production
- Standee Banner Design – Created print-ready standee banner for Growve Philippines promotional and marketing use, ensuring strong visual hierarchy and brand consistency
